

QUARRY-DIRECT · PRILEP, NORTH MACEDONIA

KRONOS

MATERIALS

The White Collection

NATURAL STONE · ÉDITION 2026

THE COLLECTION

White, at the *source.*

KRONOS is quarry-direct white marble drawn from a single mountain in Prilep — cut, calibrated and vein-sequenced so an entire project reads as one continuous field of stone.

7 whites, from the bright near-veinless field of Bianco to the quiet warmth of Sabbia. One origin. One standard. Delivered to your project, duty-free into the European Union.

Kronos ist Naturstein direkt aus dem Steinbruch in Prilep — geschnitten, kalibriert und maserungssortiert, sodass ein gesamtes Projekt als eine durchgehende Steinfläche wirkt. Ein Ursprung, ein Standard — zollfrei in die Europäische Union geliefert.

THE ORIGIN

One mountain in Prilep. *A shorter line* between the quarry and your project than any importer can offer.

01 — QUARRY-DIRECT

No middle hands

We own the block at source. You buy the stone one step from the mountain — not third-hand through a chain of traders.

02 — DUTY-FREE ORIGIN

EUR.I certified

North-Macedonian origin qualifies for EUR.I movement certificates — 0% import duty into the EU under the SAA. A structural price advantage on every container.

03 — ONE STANDARD

Sequenced lots

Every lot is calibrated and vein-matched to the last, so large floors, walls and façades hold a single continuous character.

Bianco

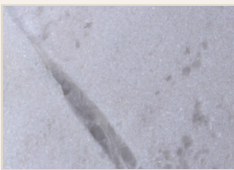

NO. 01
NATURAL STONE
PRILEP

BRIGHT WHITE · BW

Bright, near-veinless dolomitic white. Our signature white — a fine, even crystalline field of bright stone with the consistency to carry a single finish across an entire project. Calibrated and vein-sequenced for seamless floors, walls and bespoke pieces.

THE LANGUAGE OF FINISH

One stone, *many surfaces.*

Every KRONOS white is offered across a range of finishes — from a mirror polish that deepens the tone to a sandblasted grip for wet and outdoor floors. The finish is chosen for the room, not the stone.

TECHNICAL DATA

Tested to standard.

PROPERTY	STANDARD	BIANCO
Compressive strength	EN 1926	128 MPa
Bulk density	EN 1936	2820 kg/m ³
Open porosity	EN 1936	1.1%
Water absorption	EN 13755	0.25%
Flexural strength	EN 12372	16.3 MPa
Abrasion resistance	EN 14157	19.9 cm ³ /50cm ²

Values shown for Bianco, representative of the collection's core whites. Per-stone technical data sheets — including full EN and ASTM results, CE marking data and slip classification — are issued on request for each material and finish. KRONOS stone is CE-conformity supported for construction use in the EU.

From the block to the finished piece.

01

Gangsaw & slabs

Full slabs in 2cm and 3cm, gangsaw-cut and calibrated. Sold by the block, bundle or container, vein-sequenced on request.

02

Calibrated tiles

60x60 and custom modular tiles, calibrated and rectified for thin-bed floors and walls.

03

Cut-to-size

Worktops, vanities, stair treads, window sills, thresholds and cladding — cut to your drawings, edge-profiled and finished.

04

Special pieces

Basins, tables, thresholds and bespoke architectural elements — quoted from CAD.

Built for the container buyer.

ORIGIN

Prilep, North Macedonia

Quarry-direct — one step from the mountain.

DUTY INTO THE EU

0% with EUR.1

North-Macedonian origin under the SAA. We issue the movement certificate.

INCOTERMS

FOB Thessaloniki

Ex-quarry, EXW and CIF to your port also quoted.

LEAD TIME

2–3 weeks

From confirmed order to loading, stock materials.

MINIMUM ORDER

One container

Mixed whites accepted within a container.

SAMPLES

Free, couriered

A4 sample tiles of any white and finish on request.

Send us your material, finish and volume — we return a firm FOB offer, a EUR.1-backed landed price to your port, and a loading date. One origin, one contact, no chain.
